

SAFETY DATA SHEET

1. IDENTIFICATION AND PREPARATION OF THE SUBSTANCE:

Product Name: **SIMPLY GONE**
SURFACE BIOCIDES & WOOD PRESERVER

Supplier: CHAPMANDRAPER
Hatch, SANDY, Beds, SG19 1PS
Office: 01767 699258

Pack Size: Amateur use – 1 litre container only. Professional use – 1, 5 and 25 litre containers.

Amateur use application method: Brush and spray.

Professional use application method: Brush, spray and watering can.

2. COMPOSITION/INFORMATION ON INGREDIENTS:

Ingredients: DIALKYLDIMETHYL AMMONIUM CHLORIDE 9.2% CAS NO 7173-51-5, ALCOHOL ETHOXYLATE, LEMON PERFUME, WATER, FOOD YELLOW 4.

3. HAZARDS IDENTIFICATION:

Main Hazard: Irritating to eyes and skin.

4. FIRST AID MEASURES (ACTION)

Ingestion: Drink plenty of water, do not induce vomiting. Seek medical advice to determine if vomiting or stomach draining is needed. If vomiting occurs, keep giving drinking water.

Eye Contact: Bathe eye with immediately with running water for 15 minutes. Seek medical advice

Skin Contact: Wash immediately with plenty of soap and water. Remove all contaminated clothes and footwear immediately unless stuck to skin. Obtain medical attention if an irritation appears or persists.

5. FIRE FIGHTING MEASURES:

Exposure Hazards: In combustion nitrogen oxide, carbon monoxide or dioxide may form

Suitable Extinguishing Media: Not applicable.

6. ACCIDENTAL RELEASE MEASURES:

Personal Precautions: If spilt may cause slippery floor. Wear gloves and protective goggles.

Environmental Precautions: Do not discharge into drains or rivers.

Clean-up Method: Mop up and dispose using plastic containers. Avoid disposal through the sewage system

7. HANDLING & STORAGE:

Handling: Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area. Do not handle in a confined space. Avoid the formation or spread of mists in the air.

Storage: Store at room temperature (10 to 40°C recommended). Keep in original containers, tightly closed, in a safe place. Avoid contamination with acids or alkalis.

Keep out of reach of children.

Keep away from food, drink and animal feeding stuffs.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION:

Engineering control of operator exposure must be used where reasonable practicable in addition to the following items of personnel protective equipment. Cover water storage tanks before application.

Inhalation: Do not breathe spray mist. Use suitable respiratory protective equipment (see HSE guidance booklet HS(g) 53: Respiratory protective equipment – a practical guide for users)

Protective Gloves: Wear suitable protective clothing (coveralls), synthetic rubber/PVC gloves.

Eye Protection: Safety glasses or full-face visor should be worn if splashing is likely to occur.

Skin Contact: Wash hands and exposed skin before meals and after use. Keep away from treated surfaces until dry.

9. PHYSICAL AND CHEMICAL PROPERTIES:

Form: Liquid

Colour: Pale Yellow

Odour: Lemon scent

Solubility description: Miscible in all proportions

pH value: 7 app.

10. STABILITY AND REACTIVITY

Stability: This product is a stable preparation.

Substances to be avoided: Acids & Alkalis.

Hazardous Decomposition Products: In case of thermal decomposition, possible production of nitrogen oxide, carbon monoxide and dioxide

11. TOXICOLOGICAL INFORMATION

Toxicity: LD50: between 7400 and 74000mg/kg.

12. ECOLOGICAL INFORMATION

Ecotoxicity: Material is not toxic to the environment. Prevent any surface run-off from entering drains. Dangerous to fish and other aquatic life. Avoid all contact with plant life. All bats are protected under the wildlife and countryside act 1981. Before treating any structure used by bats, consult English Nature, Scottish Natural Heritage or the Countryside Council for Wales.

Bio-accumulative potential: NO bio-accumulation potential. Over 90% of 10ppt quaternary ammonium is biologically degraded within two days.

13. DISPOSAL CONSIDERATIONS

The container & contents must be disposed of in a safe way. Chemical residues are generally classified as special waste and as such are covered by regulations, which vary according to location. Contact your local waste disposal authority for advice, or pass to a chemical disposal company. Rinse out containers thoroughly before recycling.

14. TRANSPORT INFORMATION

Not submitted to the dangerous substances regulation.

15. REGULATORY INFORMATION

This product is regulated irritant under CHIPS.

Risk Phrase: Irritating to eyes.

Safety Phrases: S2 Keep away from children. S24/25 Avoid contact with skin & eyes. S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

16. OTHER INFORMATION

Revision Comments: The information contained herein is based on known available data believed to be reliable, but does not constitute the users own assessment of the work place risk as required by other Health & Safety Legislation.

Legal disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. ChapmanDraper shall not be held liable for any damage resulting from handling or from contact with the above product.
